

# Anal Cunt, Walker, Texas Corpse

Your characters supposed to be 40  
But you have to be at least 80  
The make-up department should win an emmy  
For making people think your alive

[Chorus:]  
Chuck Norris- you're really fucking old

You're the worst singer I have ever heard  
You're even worse than I am  
You should be climbing out of a grave  
While you sing the fucking theme song

[Chorus]  
You look like you just got embalmed  
And were shopping for a coffin  
Your partner looks fucking stupid  
Being black and wearing a cowboy hat
