

Anarbor, June 2nd

It's twelve twenty three
And this awkward silence is getting to me
Oh how I hate that feeling.
Laying lights off in my bed,
Keep telling me that everything's alright
And keep telling me that I'm all yours for now.
Am I on your mind?
Am I in your dreams tonight?
Am I in your thoughts?
Am I in your dreams tonight?
And if you think it's just another one of my lines,
Well it came from my heart and that's the best line you'll ever hear.
So tell me, do you need me like I need you,
Do you need this like I do, like I do,
Do you need me like I need you?
