

# Ancient Ceremony, Al Shaitan Mahrid

Choirs bathed in Vengeance, dressed as Sin  
Perform my Aria of Doom  
Drunken with Blood  
I resurrect my Cult  
The Serpent strikes again  
Now that the Seals are broken  
All Heavens live in Mourning  
"Et aperuit os suum in blasphemias ad deum  
Blasphemare nomen eius et tabernaculum eius et eos qui in caelo habitant  
Et datum est illi bellum facere cum sanctis et vincere illos"  
So do fall down and worship Me!  
A Feast for the Black Prophet  
And a greater Feast for Death  
The eldest Friend of Wisdom  
The Source of wildest Pride  
The great seven-headed Beast  
That's three Names out of a Thousand  
This World has given Me  
Oh Earth - now feel the Elements  
My Air - Thy Taste of a deadly Storm  
My Water - The Poison of Dragons  
Fire - see the Flames burn  
as Symbol of the new Law  
Daughter Zion I have risen  
To preach Thee Thy final Day!
