Aphelion: Light Evanescence: Into Extinction

It's a crime - it is a crime to be innocent

In life - in this life and presence

All life - all life is indifferent

Now's when - when all's past and gone

[Chorus:]

Turn away - fade away

Turn away - fade away

It's a crime - it is a crime to be silent

When colours - when colours have no nuance

You little - you little insects

Splashed out - splashed out of all essence

Fade away - fade away

Fade away - closer every day

[Chorus]
