

# Anders Holst, All About Soul

She waits for me at night  
She waits for me in silence  
She gives me all her tenderness  
And takes away my pain  
And so far she hasn't run  
Though I swear she's had her moments  
She still believes in miracles  
While others cry in vain  
It's all about soul  
It's all about faith and a deeper devotion  
It's all about soul  
'Cause under the love is a stronger emotion  
She's got to be strong  
'Cause so many things getting out of control  
Should drive her away  
Why does she stay?  
It's all about soul  
She turns to me sometimes  
And she asks me what I'm dreaming  
And I realize I must have gone  
A million miles away  
And I ask her how she knew  
To reach out for me at that moment  
And she smiles because it's understood  
There are no words to say  
It's all about soul  
It's all about knowing what someone is feeling  
The woman's got soul  
The power of love and the power of healing  
This life isn't fair  
It's gonna get dark, it's gonna get cold  
You've got to get tough,  
But that ain't enough  
You got to have soul  
There are people who have lost  
Every trace of human kindness  
There are many who have fallen  
There are some who still survive  
And she comes to me at night  
And she tells me her desires  
And she gives me all the love I need  
To keep my faith alive  
It's all about soul  
It's all about joy that comes out of sorrow  
It's all about soul  
Who's standing now?  
Who's standing tomorrow?  
You've got to be hard  
Hard as the rock in that old rock 'n' roll  
But that's only part,  
You know in your heart  
It's all about soul
