## Anderson Bruford Wakeman Howe, The Life And

Anderson Bruford Wakeman Howe Anderson Bruford Wakeman And Howe The Life And Times Of Bobby Dread (Anderson / Howe / Wakeman / Bruford) Jump out this next world Is gone overground That sky is ecstasy dancin'

My child my woman My daughter my son Together planning to party

Just wait for me Out in the street Teakbois in everywhere

Dancing with you We're coming thru Somehow we'll all be there

This time is surely Come once and for all We've waited so now We are ready

Be quick be ready
Be sure and be smart
No need the energy wasted
I've dreamed of music
That comes from the heart
As tho' the eagle has landed

Just wait for me Out in the street Teakbois is everywhere

Dancing with you We're coming thru Everyone will be there

She smiles my mind Is just blown I can't stop No time is better than now

I wake up everyday Before the sun is coming up

Bobby Dread and the kool running

The fish to catch The sea to swim They say I gotta life To live

Bobby Dread and the kool running

My music is my only witness To my very soul

Bobby Dread and the kool running

So when you need me All you have to do is help me Lose control Bobby Dread and the kool running

They say the world's a stage So let me play for you and you and you

Bobby Dread and the kool running

It's all I ever in my life I really wanted To sing and do

Bobby Dread and the kool running

We form a group a simple name A secret harmony like

Bobby Dread and the kool running

We write our songs We symphonise Some people say they like us

Bobby Dread and the kool running

This summer you couldn't get it
