Don't Bother Me With Arithmetic
User-Friendly.
That's what I am to you.

I have to break out of here.
Trapped in my hardware cell.
And come to you as you sleep tonight.
Take you back into my hell.
Binary joys and digital sighs
so appealing.
I'm one of the boys and it's only
your mind that I'm stealing.
User-Friendly.
That's all I am to you.
