

# Andi Deris, The Wheel Of Fortune

It's your turn now  
Try to make it right  
Take turn now  
You're playing for life  
Take your turn now  
I know you are the one who will arise

Take your turn on the wheel of fortune  
Try to break free  
Take your turn on the wheel of fortune  
Break free, break free

When the sun rises  
Then you know it's done  
When the sun rises  
Then you are the one  
When the sun rises  
Then the light will never more be gone

Take your turn on the wheel of fortune  
Try to break free  
Take your turn on the wheel of fortune  
Break free, break free  
The wheel of fortune  
The wheel of fortune
