## Andre Nickatina, Coka Cola

Im like some coca-cola

Better yet a motorola

Man time is gettin shorter

Or should i say like colda

Man cats is gettin bolder

From moving banking soda

Man bullets dance like clubs on them hot corners

I kick it live and wicked

Like a winning lotto ticket

Man hide your money

Hide your dope

And hide your ruler biscuit

It's like so devestated

The way i say so gated

So keep your clorox when you see me cuz I cant be faded

Its about that scrilla mail

Some suckas bite they nails

Cuz they just sold their soul like a crack sale

All outta black mail

All in them packed jails

Until you get there man you think its like a ghost tale

But check it out i see ya

But wouldnt wanna be ya

Cuz even all in korea

They know nickatina

Man i could be your neighbor

Your favorite icecream flavour

Your city county mayor

Alaskin polar bear

Im on the roli that hogged the freeway

In a majorway

Man get at me today YO! SO!

I swang like peter parker

I walk like johnny walker

Some cats they welcome back man

Like i was mister carter

I dress like darth vader

Snap back like alligator

8 packs are down later

Well call like auto traders

Love doin my motha favors

Talk shit with major players

Stay away from space invador cock blockin playa haters

I stay in good season

No matter what the reason

And i be screaming at demons until i aint breathin

N yo i aint leaving

Until i get minez

So crack a 40 for urself because we got time

I keep the speakers bumpin

I keep ya ride slumpin

Ya future looks bright so freak why you here frontin

Japanese they serve me saki

It make me feel like cocky

Remonis dont need 40 when he raps on carlos rossy

Im not a carbon copy

Nothin ever really shocks me

Man im a speedy cat

Man im not big and stocky

I lace your mindthought

Like im your underboss

A loanshark that makes bets that can choke the cause
