

# Andre Nickatina & Equipto, Heelz

[Intro - Andre Nickatina]

Let's make a hundred thousand  
Girl you shine like a medallion  
Legs just like a stallion  
And I'm stylin  
Seven signs of a rap cat ..  
Drop it on a dime, you fine

[Equipto]

She's a skeez, ya tell from the striptease  
Tricks from miles away they done spent G'z  
Ain't nothin wrong, her thong bout to snap  
They playin my song I got a cup full of Yak  
I'm posted in the back, passin options  
With no lapdance this chance'll cost ya  
Huh, just get low for the boys that's watchin  
Shake it, raise it, twist it, pop it, now

[Andre Nickatina]

You keep your hair jaded, you keep your toes painted  
You never outdated cause you love to maintain it  
Wiggle your waist to your favorite song  
If he's paying he comes along  
My Kangol shines in the back  
This is where the weed and the rap cats at  
forty-five minutes and we finished and you at me like hey ..  
Can I get your number for I bounce

[Equipto]

Slow motion, do the Billy Ocean  
She got cakes that shake like a convulsion  
Walk up the hill, opto's stuff with kill  
I tell a fly freak, "What the deal?"  
You know she got love for me, pop th bubbly  
With ass like VIDA and thirty-six double D  
It's all bidness, fitness, the bitch is vicious  
She known to run in six inches, heelz

[Andre Nickatina]

Six inches metal in stilletos  
She's wearing underwear that holds jello  
She might be white, brown, or yellow  
And I talk to her like Frank Costello  
She's Pinocio and I'm Japetoe  
And she can be a habit like a morning Espresso  
Put your money in your mind in a rap cat ..  
Game in your brain for life

[Equipto]

If you worship close to perfect  
Make ya fine print get blown to cursive  
So work it, baby you a beautiful bitch  
She switch that ass fast and that's her gift  
Like a model, with a body like a Coca-Cola bottle  
SHape a figure eight and the squares'll follow  
It's all for the dollars so act like ya gettin something  
Because I'm only out for big money

[Outro - Andre Nickatina]

Let's make a hundred thousand  
Girl you shine like a medallion  
Legs just just like a stallion and I'm stylin  
Seven signs of a rap cat ..
