Andre Nickatina & Equipto, Jungle

[Nickatina]

Pain from a rap cat

Man you didn't know that

3 AM, man, we bumping Bobby Womack

My homie keep all his bullets hollow

That's why I smell like Salvatore Ferragamo with the diamond sparrow

A rap cat with the BOSS apparel

I put my rhymes on your block then I run it just like little Darrell

Money and dope, man, don't come for free

Man, I don't have no competition, ho, all I got is enemies

I turn around like a tornado

Rock it like a baby cradle

Call me Doctor J if you a baller and it's getting fatal

I make MC's do angel dust

Take 'em to the Bay Bridge, make 'em strip, tell 'em jump

I don't know why I get high

I'm so in love with money I keep spending 'til it runs dry

Hot like a kettle, when the pedal hit the metal

Pinocchio you know son of Guipetto, hello

Deep fried just like Friday fish

A lot a hot sauce, now we got it popping in this bitch

[Equipto]

Yeah, in anything I do I put my everything

Always feel it deep inside just like Mary J.

Ha, I'm never panicing, I'm bored stiff as a mannequin

Grew up fast just like Anakin.

Baby is gullible, as Alison in Wonderland

All the excuses in the world I can't understand

Cuz I'm a man of these times, demand to get high

Blow big with my closest family ties

Ain't no way to intervene in my industry

Moving quicker then a centipede on enemies

One of a kind, once in a lifetime rhymes is written

It goes on, as long as time commences

[Nickatina Chorus]

Shit, it's like a jungle sometimes

It makes me wonder how I keep from going under

When they hit me with the thunder and lightning

its trifling, enlightening, and frightening some might think that it's even exciting

[Nickatina]

I'm like a Harley Davidson motorcycle, born to ride

With the force that the courts call the last Jedi

I'm like a veteran, off Excedrins

cuz I be getting headaches from these Letterman's

I asked this little freak about my rap style

She said, "It's so damn dope they might take you to trial."

I hit the weed like I'm kamikaze next to the cosmos

Chopping up shit, yeah, with Quipto and Vago

Raps like a Tommy gun, watch how the body run

Raps from the Tommy gun will make anybody run

[Equipto]

I'm bout to go in like a movie, but no stunt double so parachute me

But somehow I feel I survived on a fluke, see

I have to hit the scene, livin' out my dreams

Then I said I was sorry to DJ's and MC's

Complete to everyone who kept their ear to the street

Then my homie came through with the Al Capone Suite

Got twice as deep, don't forget, you know how low they get

Intimidating so I pose a threat

Coming like a slider, right by ya
Known to drop a rhyme in on time, and prescribing accurate alignment
The center of attention, we'll bend a agenda
To enter this rap game the number one contender
The outta sight, and dope lyrical white, and watchin' tricks fightin'
Hyping up the crowd late night, and watching Tennessee Titans
Everybody just loving because we like and
I strike in first class light fast, just like lightning

[Nickatina]

I force my rhymes in your veins like hot shot of heroin You'll got cold turkey trying to work me It's like a pad lock, when you in the headlock Six in the morning and you didn't hear the Feds knock

[Nickatina Chorus]
It's like a jungle sometimes
It makes me wonder how I keep from going under
When they hit me with the thunder and lightning
Its trifling, enlightening, and frightening
some might think that it's even exciting

[Equipto]

I'm consistent, adding on statistics
Why don't we cover the spread like the bitch never existed
Phonographic rotate the plastic spinning
Living like I'm knowing it's gonna be a drastic ending
Playing classics, meditating these tactics to overcome
The show is done, anticipating to roll a blunt
Baby, getting anxious, hitting and I can't miss the focal point
When locals say, "He ain't shit."
Man it's Equipto, put it all down for my homies
And rolling my weed right next to the police
Nothing but love for all my homeboys hustling drugs
Up in your program fucking it up

[Nickatina]

I'm in the fast lane, the cash lane, some think it's a bad thing
Hitting 'em off with the C&H pure cane
I get stuck in your membrane
I'm like a pimp at a party when you say "Look at them rings."
I use a Motorola, to move this baking soda
Whether it's in Denver, man, Houston, man, or North Dakota
With no apology, tech-tech-tech technology
Some brother disin' me, or even thinkin' he
I got the soul and the spirit of the wrath of Kahn
Kick back and write just like the holy Koran

[Nickatina Chorus 2X]
It's like a jungle sometimes
It makes me wonder how I keep from going under
When they hit me with the thunder and lightning
Its trifling, enlightening, and frightening
some might think that it's even exciting
