

Andreas Johnson, Cruel

Caught you floating
on the sidewalk
disconnected from the shore
In the last act of devotion
you said "love
I've been here before"
So you came for the reception
now gravity just brought you back
(Save me) I'm fallin'
still scattered to my knees
I'm your humble bride
and I'm beggin' please
Now love, don't be cruel
don't be cruel now
don't be
Love, don't be cruel to me
don't be cruel to me
Used to meet me in slow-motion
now this remote don't work no more
In the last act of redemption
we fought-I lost, you scored
(Hold on) I'm fallin'
Just a second away from you
Oh my tender child
I'm so in love with you
Now love, don't be cruel
don't be cruel now
don't be
Love, don't be cruel to me
don't be cruel to me
