

Andrew Jackson Jihad, Bad Bad Things

Do you remember me?
I killed your family
And now I am going to kill you too
I made your brother bleed
I made your father scream
And I made your mother say those things that she said to me
She said, "Do with me what you want, but please don't hurt my family, don't hurt my family
Take my pride, take my life, take my body but don't take the ones that are close to me.
Oh, do with me what you want, but please don't hurt my family, don't hurt my family
Take my pride, take my life, take my body but don't take the ones that I love."
And I continued without mercy
So I looked into your eyes
And I saw a reflection
Of a coward that you and I both hate very much
And then I grabbed the knife
And I let the blood out of your throat
And I smashed those tiny mirrors inside of your skull
And I got to thinking
If I don't go to hell when I die I might go to heaven
If I don't go to hell when I die I might go to heaven
If I don't go to hell when I die I might go to heaven
If I don't go to hell when I die I might go to heaven
Might go to heaven, but probably not
