

Andrew W.K., Take It Off

Take It Off!

Gotta get ready to go
'cos it's time again
we know (we are the ones)
who do it numb again
Just thought (who you are)
You better get ready again
'Cos mister what-do-ya-got!
You've got to break out again!

We get along
(Take it off!)
We get along
(Take it off!)
Forever and Ever!
Forever and Ever!
Take it off!

We know when you're hittin' the rack
We know we go back
We know what to do in the sack
'Cos you, you never look back!

We know when you're hittin' the rack
We know we go back
We know what to do in the sack
'Cos you, you never look back!

You got it all wrong!
You're back and running again
and now what do you got?
You've got that break out again!

We get along
(Take it off!)
We get along
(Take it off!)
Forever and Ever!
Forever and Ever!
Take it off!
