

Andreyana Triana, Gold

Oh, darling no
This heart is free
A brand new day
Is at my feet
And i'm singing low
Low and sweet
Giving more soul
Give it all to me
It all feels like gold
Gold to me
Might not be diamonds
But it shines for me
It all feels like gold
Gold to me
It will last in silence
Its all good to me

Singing: yeah,
Yeah, yeah, yeah!

Simple things
That light me up
What a beautiful world
And i see the love
In everything
And everyone
When im digging softly
Ooh the tide will come
It all feels like gold
Gold to me
Might not be diamonds
But it shines for me
It all feels like gold
Gold to me
It will last in silence
Its all good to me

Singing: yeah,
Yeah, yeah, yeah!

Oh, I open my eyes
I see there's so much beauty
There's is so much more than i ever believed
High touching the sky
Where the angels keep falling
It's all good to me, it's all good to me
It all feels like gold
Gold to me
Might not be diamonds
But it shines for me
It all feels like gold
Gold to me
It will last in silence
Its all good to me

Singing: yeah,
Yeah, yeah, yeah!

It all feels like gold
Gold to me
Might not be diamonds
But it shines for me
It all feels like gold
Gold to me

It will last in silence
Its all good to me
