

Andru Donalds, My Sensual Love

SPOKEN : Hey, listen -
You gotta have sensuality
Before you have sexuality
You think you got it?
C'mon and show me
(ad lib)

Love you in the morning, morning (2 times)

I thought I'd keep you guessing
I found some question signs in your mind
I'll change the world just be loving you
Just give me that chance and I'll be there

* Love you in the morning, morning
Love you in the morning 'til the evening comes
With my sensual love
I'll love you in the morning
I'll love you in the morning 'til the evening comes
With my sensual love

I'll be your mystery lover, yeah
I'll be in your bedroom window at night
Creator of myth, I'll lead you in a dance
Songs of love, you've got me in a trance

*Repeat

There's magic when I look in your eyes
A spell that heats up our night
And in my world my love for you will never die

**I'll love you, I'll love you (8 times)

*Repeat with ad lib

**Repeat

*Repeat with ad lib to fade

SPOKEN : You see what I mean?
