

Andy Griggs, Brand New Something Going On

Oh my

I packed my bag
I picked a fight
I left for good just the other night
I dont feel light like I thought it would
I cant go home like I wished I could

'cause somethings up
I can tell
Shes takin my leaving a little too well
She aint been sufferin by herself since I been gone
My babys got a brand new something goin on

I get dressed up
I go down town
I do my best just to track her down
Our old friend
lord they dont say much
Shes out of town
And out of touch

Chorus:
'cause somethings up
I can tell
Shes takin my leaving a little too well
She aint been sufferin by herself since I been gone
My babys got a brand new something goin on

Aint no note Aint no news
Aint no clothes and there aint no shoes
Aint no car left in the drive
Aint woman livin here tonight

Chorus:
'cause somethings up
I can tell
Shes takin my leaving a little too well
She aint been sufferin by herself since I been gone
My babys got a brand new something goin on

Chorus:
somethings up
I can tell
Shes takin my leaving a little too well
She aint been sufferin by herself since I been gone
My babys got a brand new something
Yall My babys got a brand new something goin on

Here she come Ha there she goes!
