

# Andy Griggs, I Never Had A Chance

Last thing I was lookin for  
When I first saw you that night  
Was someone with that something I couldnt walk away from  
In the early mornin light  
Yeah we stayed up all night just talkin  
And I didnt miss that itch to leave  
I ended up wrapped around your finger baby  
But that was just fine with me

I never had a chance  
I was swept away like sand  
You had me in the palm of your hand  
Baby my heart was on the run  
I wasnt gonna fall in love  
But here I am  
I never had a chance

I bet you knew what you were doin  
Cause baby you sure did do it well  
You made me want you like Ive never ever ever wanted  
Ever wanted anybody else  
Yeah I admit I tried to fight it  
And sometimes I fight it still  
Im finding fast that I cant leave you  
Cause lovin you is my hearts will

I never had a chance  
I was swept away like sand  
You had me in the palm of your hand  
Baby my heart was on the run  
I wasnt gonna fall in love  
But here I am  
I never had a chance

Ooo, I never had a chance  
No I never had a chance
