

Andy Griggs, Wheres A Train

I tried the bottle but it only brings me further down
And since you left there aint a sould around
Ive got to get out if get home late its fine with me
I need somethin thats gonna carry me away

Chorus:

Tell me wheres a train when you need one
Lord knows I could sure use a ride
Tell me wheres a train when you need one
Cuz ive never been as lonesome as I am tonight

Theres a set of rails that cuts a path to eternity
And I know yeah I know theres a boxcar waitin there for me
Now baby baby maybe thats the place where I can get you off my mind
I need that lonesome whistle to blow til the end of time

Chorus:

Tell me wheres a train when you need one
Lord knows I could sure use a ride
Tell me wheres a train when you need one
Cuz ive never been as lonesome as I am tonight

Chorus:

Tell me wheres a train when I need one
Lord knows I could sure use a ride
Tell me wheres a train when you need one
Cuz ive never been as low I dont think ive been as low as I am tonight

take me away
