

# Andy Kim, Shoot 'Em Up, Baby

Girl, I love you, you know I do  
And I do not doubt that you love me too  
Aw, but you're so young  
Your life's just begun  
Something tells me there'll come a day  
When you just might wonder what slipped away  
While you've been with me  
And you will want to be free  
So, shoot 'em up, baby  
Shoot 'em up, baby  
Shoot 'em up, baby  
Get on out and shoot 'em up, shoot 'em up  
Shoota, shoota  
Come on, shoot 'em up, baby, shoot 'em up, baby  
If I lost you now I would surely cry  
But to lose you later, you know I'd die  
Don't misunderstand  
Girl, I have nothing planned  
You should go where the lights are bright  
And make all the scenes and stay out all night  
And have no fear  
Girl, I'll be right here  
Shoot 'em up, baby  
Shoot 'em up, baby  
Shoot 'em up, baby  
Get on out, shoot 'em up, shoot 'em up  
Shoota, shoota  
Come on, shoot 'em up, baby, shoot 'em up, baby  
Shoota, shoota, shoota, shoota, shoota, shoota  
Shoot 'em up, baby, shoot 'em up, baby  
Go on and spread your wings and fly  
Try to touch the sky  
But keep your powder dry  
Shoot 'em up, baby, shoot 'em up, baby  
Shoot 'em up, baby  
Get on out, shoot 'em up, shoot 'em up  
Shoota, shoota  
Come on shoot 'em up, baby, shoot 'em up, baby  
Shoot 'em up, baby, shoot 'em up, baby
