

Andy Williams, If I Could Only Go Back Again

If I could only go back again
To the places where I have been
Feeling love as we did then
If I could only go back, if I could only go back
Crystal waters of yesterday
Golden rainbows you washed away
Lonely clouds that can only say
If I could only go back, if I could only go back
To live in your arms again
To love like we did then
To run free as the wind forever
Silver wings of eternity
Take me back like the child to see
Faces lost in the memories
If I could only go back, if I could only go back
To live in your arms again
To love as we did then
To run free as the wind forever, run
