

Anemonia, Pleasures and Satisfaction

I am not from a gutter
even though it feels like it
I do not wish to murder
so why should I sing about it?
Dragons no more ride their wings
and im not the one to lie
satellite-illusions of stars shining
makes me want to cry
Whats the true meaning of Pleasures and Satisfaction?
Whats the true feeling of total liberation?
Is a body deserted when it feels no more pain?
Is the heart useless when it no more longs to cry?
Can the garden of purple gloom totally be conquered?
or will there forever be a flower, somewhere, living, even if in ice?
Whats the true meaning of Pleasures and Satisfaction?
Whats the true feeling of total liberation?
Is a body deserted when it feels no more pain?
Is the heart useless when it no more longs to cry
