

# Anemonia, Pleasures and Satisfaction

I am not from a gutter  
even though it feels like it  
I do not wish to murder  
so why should I sing about it?  
Dragons no more ride their wings  
and im not the one to lie  
satellite-illusions of stars shining  
makes me want to cry  
Whats the true meaning of Pleasures and Satisfaction?  
Whats the true feeling of total liberation?  
Is a body deserted when it feels no more pain?  
Is the heart useless when it no more longs to cry?  
Can the garden of purple gloom totally be conquered?  
or will there forever be a flower, somewhere, living, even if in ice?  
Whats the true meaning of Pleasures and Satisfaction?  
Whats the true feeling of total liberation?  
Is a body deserted when it feels no more pain?  
Is the heart useless when it no more longs to cry
