

# Anette Olzon, Day of Wrath

Father here my prayer  
You know I have failed  
Forgive all my wrongs  
I'll redeem myself  
This world oh so shallow  
I know I failed  
I've strayed  
I've lost my way  
To late to repent  
Can I redeem me  
Forgive the wrongs I've done I know  
I can change be a better one  
The trumpets sound all over us  
And yet you defy  
The world we know doomed for the sins we've done  
No prayers will save you now  
The day of wrath has come who'll stand  
All will be cleansed  
Cry aloud make us repent or all end  
Heaven or hell  
Can't tell what's right from wrong  
Be sure I will show you  
Not sure I can change it  
Forgive the wrongs I've done I know  
I can change be a better one  
The trumpets sound all over us  
And yet you defy  
The world we know doomed for the sins we've done  
No prayers will save you now  
The day of wrath has come who'll stand  
All will be cleansed  
Cry aloud make us repent or all end  
Blow the horn let it rain  
Save your pennies for the river Styx  
Sound the horn cleansed by flames  
Rejoice the apocalypse  
If all should end  
What use was then  
To make me live  
Use all I could

In need of more  
For every day  
Resources pour  
Nature loose more  
All will soon end  
The trumpets sound all over us  
And yet you defy  
The world we know doomed for the sins we've done  
No prayers will save you now  
The day of wrath has come who'll stand  
All will be cleansed  
Cry aloud make us repent or all end
