Angel Dust, Got This Evil

Light a candle for redemption Ridiculous you are Blame the demons Blame the fire for atrocity

Wise man's words of revelation Stuck inside your minds Destination Arian-nation Hate is what you are

I am the pain you suffer
I am the hope you feel
I am eternal fire - for you believe
I've got this evil - got this evilness

Salem's burning, crosses turning Burn in desire's name Light a candle for redemption Riculous you are

[repeat chorus]
