

# Angels & Airwaves, Crappy Love Ballad

My hopelessness keeps me company at night  
Our arguments are something we can't fight  
And in my heart I know this isn't right  
Were still holding on for one last night  
I know you must be scared  
I don't think either of us prepared  
I'd give it all up just to keep you here  
Cause a world without you is my worst fear

So why don't you tell me everything your gonna wanna say  
It's getting harder to live without you every day  
And if I ever told you that I love you  
Would you still love me too?

I'll be your Romeo if you be my Juliet  
Cause I've been in love with you since the day that we first met  
And I know our love might just die  
It couldn't hurt to give it one last try

So why don't you tell me everything your gonna wanna say  
It's getting harder to live without you every day  
And if I ever told you that I love you  
Would you still love me too?

So why don't you tell me what your feeling now  
It's getting harder to wait all of this out  
I think we should just start over like new  
Cause I'm afraid that I'm gonna loose you

So why don't you tell me everything your gonna wanna say  
It's getting harder to live without you every day  
And if I ever told you that I love you  
Would you still love me too?
