

Angels, Don't Need You

Angels
Red Back Fever
Don't Need You
(Brewster-Eccles-Morley-Spencer)

Search high, feel low
get by, bad blow
raw stand, bad feel
find the man, steal the deal
time out, look good
eyes peeled, understood
stand back, beware
side to side you look and stare

I don't need a lover
standing on my own
I don't need you

I don't need you baby
don't try to turn me `round
I don't need you baby
y'r never gonna bring me down

Bad blood, bad news
sold out, sold you
speed ball, good hit
flyin' high, for me that's it

I don't need a lover
standing on my own
I don't need you

I don't need you baby
don't try to turn me `round
I don't need you baby
y'r never gonna bring me down
