

# Angels, Standing Over You

(Brewster-Spencer-Eccles)

Trick dog, nice trick  
gotta get me off the hook  
fight back, bite back  
gotta get out of that neighbourhood  
Don't want no rose  
don't need no shows  
no blow by blows  
oh no

Gotta get some love  
get some of that love  
Pay out, pay out  
got to give me all you've got  
live nice, no dice

take my books and burn the lot  
Don't want no rose  
don't need no shows  
no blow by blows  
oh no

Gotta get some love  
get some of that love  
How time flies when you're on my mind  
you walked right out the book  
look right back, leave no track in my neighbourhood  
black cat moan, stand alone  
if I'm not back by two  
doin' my dash, I should've known  
this badge ain't foolin' you

Don't want no rose  
don't need no shows  
no blow by blows  
oh no

Gotta get some love  
get some of that love
