

# Angerfist, The Steel Finger

Finally the time has come  
Oh yeah  
Finally  
He's been training a young guy as his only killer  
Together they're very strong (x2)  
Finally  
Adoptation and provocation  
But your weakness is not your technique  
Come on and loose the way (x??)  
Let the drummer get wicked  
Oooh no  
This is strict to me  
And me - I'm staying true to this shit  
As music to my ears  
I'm immune to this shit  
I'm suffering from a disease called leave-me-the-fuck-alone  
Finally the time has come  
These tricks  
They're useful  
Hey, I can guarantee them  
Hey, now watch!  
What about that call, huh?  
The technique is called the steel finger  
The steel finger, yeah  
Let me see what you can do
