

Angie Stone, Green Grass Vapours

[Intro]

Now see you being cool too fast
I didn't say light that up that quick, shit
Vapors, here ya go, uh

Green Grass vapors running through my head
I'm feeling higher than the Thunder Dome
Green grass vapors
Green grass vapors
Green grass vapors, come on

Creepin' on me late at night, hey
Sets me free just to hold it tight, yeah
Slender feel, I do love it so, oh
Shapes the way that my rhythm flows

Green Grass vapors running through my head
I'm feeling higher than the Thunder Dome
Green grass vapors
Green grass vapors
Green grass vapors, come on

Bloody red is what my daddy said
When he looked at my eyes at night, yeah
What we gon' do, you said go
'cause your eyes are as red as mine

Told my daddy, hey

Green Grass vapors running through my head
I'm feeling higher than the Thunder Dome
Green grass vapors
Green grass vapors
Green grass vapors, come on

Green Grass vapors running through my head
I'm feeling higher than the Thunder Dome
Green grass vapors
Green grass vapors
Green grass vapors, come on

Creepin' on me late at night, hey
Sets me free just to hold it tight, yeah
Slender feel, I do love it so, oh
Shapes the way that my rhythm flows

Green Grass vapors running through my head
I'm feeling higher than the Thunder Dome
Green grass vapors
Green grass vapors
Green grass vapors, come on
