

# Animal Collective, Also Frightened

Face your money into the dark  
But you can't sweat unless  
Swung by the hen  
Let them crawl into the logs  
That damn crouching for you  
Offer a pen  
Exciting and screaming  
Their voices go wild  
And rise with the birds  
Mating up in the clouds  
Two bottles at three covered  
By leaves, maybe they will  
Make prince on their backs  
Will it just be like they're dreaming?  
Will it be just like I'm dreaming?  
Will it just be like they're dreaming?  
Will it be just like I'm dreaming  
If they're awake till the dawn  
We won't fret they don't have our eyes  
Ghosting, crawling around but I  
Won't be slept on our side  
From our window to lanterns  
Go signs on the night  
And letters and shadows  
Go watch with the light  
I want to be who they will be  
To be more like their dad  
Will it just be like they're dreaming?  
Will it be just like I'm dreaming?  
Will it just be like they're dreaming?  
Will it be just like I'm dreaming?  
If the wind is threatenin'  
Maybe I should bath them  
Maybe we should let them  
And I have a question:  
ARE YOU ALSO FRIGHTENED?  
ARE YOU ALSO FRIGHTENED?  
ARE YOU ALSO FRIGHTENED?  
ARE YOU ALSO FRIGHTENED?  
ARE YOU ALSO FRIGHTENED?  
ARE YOU ALSO FRIGHTENED?  
ARE YOU ALSO FRIGHTENED?  
ARE YOU ALSO FRIGHTENED?  
No one should call you a dreamer  
No one should call you a dreamer  
No one should call you a dreamer
