

Animal Collective, Who Could Win A Rabbi

Hungry bread and butter hustle
You've been doing it a while, it is only fair
Where's your relaxation?
Words that aren't required for your help
Quit hating on my new perspective
But hurrying along with meal is ever done
You could win a rabbit
You could have a rabbit or
With the fast child is gonna have a dead hand
We can get it strong again
But mine let must put on good habits
Been working and put on good habits
Sometimes I can't find my good habits
Do dodododo dododododododododododo!
Oh, Spanish babies, all the echoes
Heard she's getting better, stay out of the train
Let you wipe your feet off
Eat it like it's going to get away
Your coffee sure is getting colder
Your teeth are getting fewer spaces in the way
You could win a rabbit
You could build a rabbit with a rib
Wabbit or habit, habit or real
Wabbit or habit, habit or real
Rabbit or habit
Do dodododo dododododododododododo!
