

# Anitta, Ahi (feat. Sam Smith)

Ah, yeah, yeah  
Ahi, ahi

One-night stand, fine by me  
Don't pretend we're meant to be  
Precious time, the clock's ticking  
When we're done, you're free to leave

Be straight with me, that's what I want  
Don't act with love, just to be gone  
I'm a big girl, say what you want  
I can make love, or we can just fuck

Ahi, sígalo, sígalo, sígalo, sígalo, what, what?  
Ahi, gimme love, gimme love, gimme love, gimme love, gimme what I need  
Take me where I wanna be  
Baby, ahi

Ahi, sígalo, sígalo, sígalo, sígalo, what, what?  
Ahi, gimme love, gimme love, gimme love, gimme love, gimme what I need  
Take me where I wanna be  
Baby, ahi

Baby, it's not the same when I do it on my own  
Don't leave me alone, boy, pick up the phone  
You know I'll take care of you  
Be the midnight air for you  
Tell me what you wanna do, what I wanna do is what you wanna do

Focus on me, that's what I want  
Down on my knees, so come and turn me on  
If you know me, you know you're playing with fire  
Have you realized your deepest desires? Yeah!

Ahi, sígalo, sígalo, sígalo, sígalo, what, what?  
Ahi, gimme love, gimme love, gimme love, gimme love, gimme what I need  
Take me where I wanna be  
Baby, ahi

Ahi, sígalo, sígalo, sígalo, sígalo, what, what?  
Ahi, gimme love, gimme love, gimme love, gimme love, gimme what I need  
Take me where I wanna be  
Baby, ahi

Right here or whatever  
Leaving alone or leaving together  
Oh-oh, oh-oh, Baby, no pressure  
I just want pleasure, I just want pleasure

Ahi, sígalo, sígalo, sígalo, sígalo, what, what?  
Ahi, gimme love, gimme love, gimme love, gimme love, gimme what I need  
Take me where I wanna be  
Baby, ahi

Ahi, sígalo, sígalo, sígalo, sígalo, what, what?  
Ahi, gimme love, gimme love, gimme love, gimme love, gimme what I need  
Take me where I wanna be  
Baby, ahi

Ahi
