

# Ann Nesby, Lord How I Need You

He will come and lift your spirit  
He will pick you up  
When men put you down  
Trust in his name, he's always the same  
Lord how I need you  
When your friends come and go  
Because they depended on you  
For their own selfish needs  
The Lord he own't leave you  
Nor will he forsake you  
He'll be right by your side  
Lord how I need you  
He will come oh yes he will  
He will come and lift your spirit  
He will pick you up  
When men put you down  
Trust in his name, he's always the same  
Lord how I need you  
When your friends come and go  
Because they depended on you  
For their own selfish needs  
The Lord he own't leave you  
Nor will he forsake you  
He'll be right by your side  
Lord how I need you  
He will come oh yes he will  
Lord! Lord we need you  
Lord! Lord we need you  
We need your love  
We need your peace  
We need your joy  
We need your spirit  
Lord how I need you
