

Ann Nesby, Thrill Me

Impress me
Excite me
Infatuate me
Yeah, yeah
Thrill me
Can you make me feel everything that's real
'Bout the love you give me
Dare to be different from the rest
I'll put you to the test
To find out if the best one is you
Infatuate me with your talk
Impress me with your walk
Excite me with the things that you do
Come on
Thrill me
Can you make me feel everything that's real
'Bout the love you give me
Thrill me you can make things right
Come on fill my life
With your love
Keep thrilling me
Inspired by the things I see
You gave your love to me
So tender and affectionately
I feel so good when I'm with you
I know you feel it too
And that's why I surrender to you
Thrill me
Can you make me feel everything that's real
'Bout the love you give me
Thrill me
Can you make me feel everything that's real
'Bout the love you give me
Thrill me
Can you make me feel everything that's real
'Bout the love you give me
Wanna be thrilled
I want you to thrill me
That's how I feel
Wanna be loved
Thrill me
Hold me
Thrill me
Console me
Thrill me
Come on and thrill me
Thrill me
Can you make me feel everything that's real
'Bout the love you give me
No one else can love me like you do
No else can do the things you do
No one else can love me like you do
No one else can make me feel, feel the way that you do
Thrill me
Can you make me feel everything that's real
'Bout the love you give me
