Anna Abreu, Ivory Tower

I'll be here for you baby Mmmm I'll be here for you baby

Quero ver ya

I never knew it could feel so funny, Like a gambling game when you got no money, The stakes are high and I might just lose you, I don't know why but I think that you do

I don't know, I don't know, I don't know was it mine or your mistake, Let me see, let me see, let me see did I make you walk away, Uptown, downtown, all around they're telling all kind of lies, But I'm now and I'm here and I want you to open up your eyes

I'll be here for you baby, Oh, can't you see I miss you so bad, I go crazy, You could have it all, the beauty, the power, If you just come and step down from your ivory tower

I'll be here for you baby, Oh, can't you see I miss you so bad, I go crazy, You could have it all, the beauty, the power, If you just come and step down from your ivory tower

Eu pensei que foste tu que deixas-te, Mas fui eu, e tu sempre me amas-te, I guess I took you too much for granted, And made you feel so alone and stranded

I don't know, I don't know, I don't know was it mine or your mistake, Let me see, let me see, let me see did I make you walk away, Uptown, downtown, all around they're telling all kind of lies, But I'm now and I'm here and I want you to open up your eyes

I'll be here for you baby, Oh, can't you see I miss you so bad, I go crazy, You could have it all, the beauty, the power, If you just come and step down from your ivory tower

I'll be here for you baby, Oh, can't you see I miss you so bad, I go crazy, You could have it all, the beauty, the power, If you just come and step down from your ivory tower

I could use my magic potion, But it might not make you stay, I could talk too much to turn your head, But you'd just walk away, So instead I'm at your front door, Making a fool out of myself, When you open up and look me in the eye

No te podes defender

I'll be here for you baby, Oh, can't you see I miss you so bad, I go crazy, You could have it all, the beauty, the power, If you just come and step down from your ivory tower

I'll be here for you baby, Oh, can't you see I miss you so bad, I go crazy, You could have it all, the beauty, the power, If you just come and step down from your ivory tower

'Cause I'll never forget
