„ Anymore ”

(muz.i słowa Anna Marucha)

I know you think that think about yesterday
I know what you think about that night
We both know that we want see each other more
I know you won't see me in this life anymore

Anymore baby won't see me , anymore , anymore
Anymore baby won't see me , anymore , anymore

Now how could you hurt me was all your fault
I hope that all your anger come back no more
I shouted till i cryed – baby what you've done
Broke my whole belief, broke my heart

Anymore baby won't see me , anymore , anymore
Anymore baby won't see me , anymore , anymore

Won't you ever hurt the girl no more !
Don't ever hurt me – no more !

I know you think that think about yesterday
I know what you think about that night
We both know that we want see each other more
I know you won't see me in this life anymore

Anymore baby won't see me , anymore , anymore
Anymore baby won't see me , anymore , anymore

You've ever been heard that you're broken fool
I hope that all your anger be back no more
I shouted till I cry and baby what you've done
Broke my whole belief, broke my heart

Anymore baby won't see me , anymore , anymore
Anymore baby won't see me , anymore , anymore
Anymore baby won't see me , anymore , anymore
Anymore baby won't see me , anymore , anymore
