

AnnaSophia Robb, Over You And It

I'm done with you
That means I'm over with you
I'm tired of being made fun because of you
I'm tired of the inspiration
tired of your schemes
It's difficult to explain
and I'm ready to renew

I'm over you and it
It don't make sense I know it
but sometimes your upsetting I got to admit
I'm over you and it

This is the time for you to know
I do not love you
and it's hard to say but you aren't
good enough for me
Your indinile
not caring bout my feelings

So go away and don't place me nowhere

I'm over you and it
It don't make sense I know it
Sometimes your upsetting I'll admit
I'm over you and it

Your not a dreamer
Your not a lover
Your just a monster
So,leave me alone I say

I'm over you and it
It doesn't make sense I know it
I'm over you and
I'm over you and
I'm over you and
IT!!!!!!!!!!!!!!
