

# Anne-Marie, In Common x Don't Mind

She said "Hola, ¿Cómo estás?", she said "Konnichiwa";  
She said "Pardon my French";, I said "Bonjour Madame";  
Then she said "Sak pase"; and I said "N'ap boule";  
No matter where I go, you know I love 'em all

No matter where I go, you know I love 'em all

Said I'd be home by five  
But it's sunrise and I'm still in your bed  
Goodnight usually means goodbye  
Me, replaying memories in my head

Look at you, look at you  
Look what you made me do  
How do you, how do you think know my every move?  
Who are you? Who are you? You look so familiar  
I know you, I know you, baby, I know the truth

We used to talk 'til midnight  
All those days that you stayed at my house  
We were just passing the time  
When we were young and we ain't had no vows

Look at you, look at you  
Look what you made me do  
How do you, how do you think know my every move?  
Who are you? Who are you? You look so familiar  
I know you, I know you, baby, I know the truth

We got way too much in common  
If I'm being honest with you  
We got way too much in common  
Since I'm being honest with you

Who wants to love somebody like me?  
You wanna love somebody like me?  
If you could love somebody like me  
You must be mystical too

Who wants to love somebody like me?  
You wanna love somebody like me?  
If you could love somebody like me  
You must be messed up too
