

# Anne-Marie, Karate

[Verse 1]

You found me when I was young  
Thought I'd be weak, but I was wrong  
So unique, you made me strong  
The fight inside me is what kept me going on

[Pre-Chorus]

I don't know if you want to be the one  
Ichi, ni, san, shi  
I don't know if you want to be the one  
Ichi, ni, san, shi

[Chorus]

Work hard on me like karate  
Cause your body is what I need  
So work with me, be a part of me  
Like I want you to be  
Like karate, like karate, like karate

[Verse 2]

Mouth open, open wide  
This technique keeps me in line  
I want you to walk this side  
Patterns and rhythm and our hearts in time

[Pre-Chorus]

I don't know if you want to be the one  
Ichi, ni, san, shi  
I don't know if you want to be the one  
Ichi, ni, san, shi

[Chorus]

Work hard on me like karate  
Cause your body is what I need  
So work with me, be a part of me  
Like I want you to be  
Like karate, like karate, like karate

[Bridge]

I can let go if you watch me  
And I know that I want to  
I can promise that I will take  
And I'll protect you  
Can't remember where it started  
But I know where it will go  
You can go where I go  
If you follow, follow

[Chorus]

Work hard on me like karate  
Cause your body is what I need  
So work with me, be a part of me  
Like I want you to be  
Like karate  
Work hard on me like karate  
Cause your body is what I need  
So work with me, be a part of me  
Like I want you to be  
Like karate, like karate, like karate
