

Anne Murray, Ease Your Pain

If I could ease your pain, If I could lighten your load
Se eu pudesse acalmar sua dor, se pudesse aliviar sua carga

If I could make it just a little bit better for you
Se eu pudesse fazer ficar um pouquinho melhor pra voc

If I could just help you find that secret place in your mind
Se eu pudesse ajudar a encontrar aquele lugar secreto em sua mente

Where the light of understanding lo-ove outshines the sun
Onde a luz do amor compreendido fizesse brilhar o s&ocute;l

You know that sweet moonshine is not just illegal whisky
Voc sabe que o doce luar no como whisky ilegal

It can also be the light that guides you
eu posso tambm ser a luz que lhe guia

Through the shadows of fear-ear when the devil is near-ear
Atravs das sombras do medo quando o mal est perto

And you need some kind of helpin' hand to carry you throw
E Voc precisa de uma mo amiga para conduz-la

I know you've been livin' in a downhill raid
Eu sei, voc tem vivido uma corrida ladeira abaixo

You're seein' your death on a military plane
Voc est vendo sua morte como num plano militar

You better hold now, you can't take no more now
Melhor se segurar, voc no pode conseguir mais agora

No doubt about it when you find out about it
Sem dvida sobre isso, quando voc descobriu tudo

You're gonna wanna run and tell all your friends about it ?
voc vai correr e deixar os seus amigos saberem disso ?

Easy, It's so easy-y-y-y
Fcil, muito fcil

If I could ease your pain, If I could lighten your load
Se eu pudesse acalmar sua dor, se pudesse aliviar sua carga

If I could make it just a little bit better for you
Se eu pudesse fazer ficar um pouquinho melhor pra voc

If I could just help you find that secret place in your mind
Se eu pudesse ajudar a encontrar aquele lugar secreto em sua mente

Where the light of understanding lo-ove outshines the sun
Onde a luz do amor compreendido fizesse brilhar o s&ocute;l

I know you've been livin' in a downhill raid
You're seein' your death on a military plane
You better hold now, you can't take no more now
No doubt about it when you find out about it
You're gonna wanna run and tell all your friends about it
Easy, It's so easy

If I could ease your pain, If I could lighten your load
If I could make it just a little bit better for you
If I could just help you find that secret place in your mind

Where the light of understanding lo-ove
Light of understanding lo-ove
Outshi-i-ines the su-u-u-un

If I could ease your pain, If I could lighten your load
If I could make it just a little bit better for you
If I could just help you find that secret place in your mind
Where the light of understanding lo-ove
