

# Anne Murray, What Would It Take

Bryan Adams & Anne Murray

If words won't do it  
And words are just a waste of time  
We could get right to it  
If I could only read your mind.

You're just a mystery to me  
Deeper than the deep blue sea  
There must be something that will melt your heart  
Baby, tell me just where to start.

Chorus:  
What would it take to get you closer  
What would it take just to stir your soul  
What can I do to make you love me  
Just the thought of you  
Keeps me lying away  
Tell me what would it take.

If the night don't move you  
And you've never seen the stars come out  
If the touch don't soothe you  
Then maybe you've just never been touched  
I wanna be the one to change your mind  
I think about it all the time.  
??  
I wanna wake you from your deepest sleep.

you're just a mystery to me  
deeper than the deep blue sea  
there must be something that will melt your heart  
baby tell me just where to start.

Chorus:  
What would it take to get you closer  
What would it take just to stir your soul  
What can I do to make you love me  
Just the thought of you  
Keeps me lying away  
Tell me what would it take.

What would it take to get you closer  
What would it take just to stir your soul  
What can I do to make you love me  
Just the thought of you  
Keeps me lying away  
Tell me what would it take.

Tell me what would it take.

Tell me what would it take.

Tell me, tell me  
Tell me what would it take.  
Tell me what would it take.

Tell me, tell me  
Tell me what would it take.

Tell me what would it take...
