## Annie Lennox, Love Is Blind

Oh, Sugar, when you gonna come?

I've spent my life getting older

But you've still got me on the run

When you gonna come?

When you gonna come?

Oh, Sweetness, when will you be mine?

I spent my days getting colder

And I still want you all the time

When will you be mine?

Oh, the grass is growing greener on the other side

Nothing else has meaning when I've got you on my mind

I so want to see you don't they say that love is blind

Oh, love is blind, love is blind

I got so much trouble getting into this

Can't decide if it's hell or bliss

Sometimes I feel like I don't exist

Cut my veins and slit my wrists

Goodbye goodbye that's all she wrote

As she tied that knot around her throat

Wipe my eyes, dry my tears

I'd wait for you for a thousand years

Ooooooh, yeah. Ooh hoo.

Oh, Lover, make me yours again

Even though your thrill is gone

All my feelings still remain

Even though your thrill is gone

I know I love you just the same

Can't you see that I'm addicted To the notion of a someone

Who could take me from this wretched state

Save me from the bitterness and hatred

Of humanity

It's so screwed up

Tired of being down on luck

Tired of being beaten up

Tired of being so screwed up

Tired of all this desperation

Tired of all this mad frustration

Tired of all the aggravation

Sick and tired of devastation

Give it some consideration

Tired of being down on luck

Tired of being beaten up

Tired of being so screwed up

Tired of all this desperation

Tired of all this mad frustration

Tired of all the aggravation

Sick and tired of devastation

Give it some consideration

Tired of being down on luck Tired of being beaten up

Tired of being so screwed up

Tired of all this desperation

Tired of all this mad frustration
Tired of all the aggravation
Sick and tired of devastation
Give it some consideration
Tired of being down on luck
Tired of being beaten up
Tired of being so screwed up
So screwed up
So screwed up
So screwed up
