

Annie, Take You Home

(*Annie, T. Kaukolampi {Produced by Timo Kaukolampi})

(Yeah)

The lights are on, I want to take you home

The nights we shared were for the only one

I cannot lie, my fear of you is strong

I don't love you, I want to take you home (2x)

I want to take you home, yeah

Tell me the truth, I don't want no lies

When I'm with you I'm hypnotized

Looking for trouble, that's what I am

Playing a game we both understand

The nights are long, I want to take you home

I thought of you, you're not the only one

You touch my hand like no one other can

I don't love you, I want to take you home, yeah

Tell me the truth, I want no lies

When I'm with you I'm hypnotized

Looking for trouble, that's what I am

Playing a game we both understand

Won't you be here in a week or two

I won't be waiting, but I'll miss you

Taking it slow boy, day by day

Thinkin' about what you wanna say

I don't love you, I want to take you home

I don't love you, I want to take you home, yeah

(2x)

I want to take you home (3x)
