

# Annihilator, Shallow Grave

I've really got some vices, the way you spread Your disease  
All the lying and deceiving, look what your're doing To me  
I'm down in the gutter  
I think i'm going insane  
The next step i'm taking  
I'll be headed for a shallow grave  
Just forget about the money, cause my addiction is For free  
You're pulling me in every direction, why can't you See  
I'm down in the gutter  
And i'm going insane  
The next step i'm taking  
I'll be headed for a shallow grave  
Hight steppin and high rolling  
C'mon and roll the dice  
You think you're not coming with me  
You better think twice  
So get down in the gutter  
So get down in the pain  
The next step we're taking  
We'll be headed fore a shallow grave
