

# Anshelle, One Step

Anshelle  
Part Of The Game  
One Step

would you like to have me  
why don't you come and grab me  
want to be my baby  
please don't make me crazy

again I see you standing in the door-frame  
through the frosted pain  
try to catch your eyes my hands are shaking  
do you feel the same  
I'm afraid to tell you  
what I intended to do  
all this time and day by day  
be the light in your life  
walk always by your side  
but is this what you want from me

one step forward baby two steps back  
I don't want to have you if you act like that  
one step forward baby two steps back  
I don't want to have you if you walk like that

again I see you standing at the counter  
through the mumbling crowd  
you smile at me but you're not coming closer  
I guess we're both too proud  
you know I could move, too  
start a small talk with you  
but somehow I am tired of games  
told you so much about me  
sweetie don't you agree  
time has come for you to run

one step... would you...

I've been sitting here for a long time  
you got to make a move if you want to be mine  
and if you try to play I'm gonna quit this game  
I don't want to be a victim, you know my name  
I don't want to be a victim, you know my name

two steps...
