## Anthony Evans, Fearless

Been thinking 'bout the choices I make Do I listen to Your voice, Lord, or go my own way Will have more excuses today? Or will I give You my life so You'll Use me and through me Your name will be blessed I wanna give it, live it for You and nothing less Don't wanna hide, I've decided to give You my best To make me fearless I wanna show the world who You are I'm following Your footsteps, no matter how far This is the prayer of my heart So, now I give You my life so You'll Use me and through me Your name will be blessed I wanna give it, live it for You and nothing less Don't wanna hide, I've decided to give You my best To make me fearless, fearless I am not ashamed I am not afraid Fearless I've been made I'll never be the same So, use me and through me Your name will be blessed I wanna give it, live it for You and nothing less Don't wanna hide, I've decided to give You my best To make me fearless So, use me and through me Your name will be blessed I wanna give it, live it for You and nothing less Don't wanna hide, I've decided to give You my best To make me fearless, fearless, fearless
