

Anthony Hamilton, Day Dreaming

[Verse 1]

Well, oooh, heeey

Baby, baby

I can just feel it all in my bones

Thinking of your loveliness and when you'll be coming home

Babygirl I will intend in doing what I gotta do

To be their holding and loving u

[Chorus]

Day dreaming when I sleep

Caught up in the memories

I know love and it plays for keeps

to good to be real

Day dreaming when I sleep

Caught up in the memories

Of loving, loving baby

[Verse 2]

Each and everytime the thought of u passed my mind

I dont know what else to do baby

I think I'm falling, falling, falling deeper in love baby

But u just keep calling in my mind

[Chorus]

[Bridge]

All I know that it's so good

Feeling so, so baby please

This love is to good to be true

And yea I think of u

[Chorus]
