

Anthrax, Celebrated Summer

[Originally by Husker Du]

Love and hate was in the air, like pollen from a flower
Somewhere in April time, they add another hour

I guess I'd better think up a way to spend my time
Just when I'm ready to sit inside, it's summer time
Should I go fishing or get a friend to hang around
It's back to summer, back to basics, hang around

Getting drunk out on the beach, or playing in a band
And getting out of school meant getting out of hand

Was this your celebrated summer?
Was that your celebrated summer?

Then the sun disintegrates between a wall of clouds
I summer where I winter at, and no one is allowed there

Do you remember when the first snowfall fell
When summer barely had a snowball's chance in Hell?
