

# Anthrax, Destroyer

(Snider)

Twisted Forever (Twisted Sister tribute album)

He spent his life

A silent sentinel

For all to fear

He walks, he talks, he thinks, he feels

But no one dare to go near

He takes in all he sees

Nothing escapes his gaze

And when he strikes

He strikes for right

A glourious sight

Destroyer, Destroyer,

Destroyer

He's in town

He came to be

From a grand mistake

A mystical charade

Created to decide the good

And reprecussive aid

As awardness filled his fame

He examined those who leered

Then he cleaved the air

With his fiery stare

Rend all those there

Destroyer, Destroyer,

Destroyer

He's in town

Destroyer, Destroyer,

Destroyer

He's in town

A day will come

You'll be drawn into

The center of your town

A came upon a mass of steel

The cracks the very ground

Prepare to meet your judge

Don't think to run away

Just pray your face

Holds no disgrace

For the deadly ace

Destroyer, Destroyer,

Destroyer

He's in town

Destroyer, Destroyer, Destroyer

He's in town
